## The Ronart Lightning

This stylish, thoroughbred sports car, named 'Lightning' was designed for the discerning driver who loved the romance of motoring and wanted a distinctly exclusive car.

Aimed at the TVR and Jensen specialist market sector, this exciting new car marked a new direction for Ronart (temporary as it turned out).

6 Lightnings in all were produced.

### Here are the vital statistics

4.6 litre Mustang Cobra 99 engine  
320 bhp, V8 quad cam, 32-valve (425 bhp race tuned option)  
5 speed manual gearbox  
Lightweight Carbon-fibre bodywork  
Full independent wishbone suspension front and rear  
Suspension/steering geometry designed by Harvey Bailey  
Eng.  
Hydrotrak differential  
AP Racing designed braking system  
Recaro Seats, Leather interior, Clarion multimedia stereo  
Electric windows, remote locking, air conditioning etc.  
18" OZ wheels fitted with Pirelli P Zero tyres

That's a brief summary of the spec when the Lightning was in production.
